# The Epique Card™

The fastest way to network.

With just a tap, your contact details appear on a client's phone in seconds.

## No Batteries Needed

You won't lose any levels by putting your recruiting efforts on hold. Let your downline grow organically.

## One Business Card

Never worry about the hassle of running out or having to reorder paper business cards. With The Epique Card™ you'll have one less thing to worry about.

## Near Field Communication Enabled

NFC means agents can share their contact details and any digital content with just one tap. This technology is forward thinking and environmentally friendly, reducing the need for paper business cards.

# Frequently Asked Questions

## **Which AI solutions are available, and how do they assist agents?**

AI solutions encompass AI-driven writing, inquiries, and state-specific legal brokerage assistance. These tools help agents streamline tasks and provide quick, accurate responses to clients and legal queries.

## **What is Chime CRM, and how do chatbots enhance it?**

Chime CRM is the most advanced CRM designed specifically for Real Estate. Chatbots assist by providing instant responses to leads, automating follow-ups, and qualifying leads efficiently.

## **Can agents use Canva Pro for social media marketing?**

Yes, Canva Pro is ideal for crafting engaging social media posts and content.

## **How does Canva Pro benefit agents' marketing efforts?**

Canva Pro offers access to over 1 million design elements and over half a million templates for creating professional graphics and videos. Agents can maintain brand consistency and create captivating marketing materials.

## **What platforms does SocialBAY support for marketing?**

SocialBAY supports Instagram, Facebook, YouTube, LinkedIn, Twitter, and more.

## **How does SocialBAY automate marketing tasks?**

SocialBAY streamlines marketing by automating content creation and posting.

# Frequently Asked Questions

## **What are the key features of personalized agent websites?**

Agent websites offer custom branding, property listings, client interaction tools, and SEO optimization.

## **Can agents update their websites easily?**

Yes, agents can update their websites effortlessly, ensuring their content remains fresh and relevant.

## **How do digital and physical business cards with NFC work?**

These cards use NFC technology to instantly share contact details and digital content when tapped by smartphones.

## **Can these cards be personalized with an agent's information?**

Yes, these cards can be customized with an agent's contact details, making them unique to the individual.

## **What is the primary advantage of the Cloud App/Desktop?**

The primary advantage is flexibility; it allows agents to access resources and collaborate from any device, anywhere.

## **Can agents use the Cloud App/Desktop for collaboration with team members?**

Yes, the Cloud App/Desktop fosters a collaborative environment, enabling agents to work seamlessly with their team.
